

# Partial Airway Skills Trainer

Patented 7S<sup>3</sup> Modular Partial Airway Skills Trainers are unparalleled in their attention to realistically simulating intubation, ensuring that medical practitioners receive training that translates into superior patient care. Our 7S<sup>3</sup> Modular Partial Airway Skills Trainers ingrains and fortifies the skills and knowledge necessary for successful intubation by providing the most comprehensive simulation of a real patient in a cost-effective package.

Our team of engineers, clinicians, technicians, scientists, artists, and customer service representatives work to assure your experience is unsurpassed in expectations. Our Partial Airway Skills Trainer has the following features:

- ✔ Unparalleled fidelity and realism
- ✔ Realistic intubation training
- ✔ Accepts all intubation tools
- ✔ Replaceable airway pathologies
- ✔ Realistic articulations and movements
- ✔ Supports both oral and nasal intubation
- ✔ Lighter in weight and smaller in footprint than our full-size trainer
- ✔ Respiratory simulation and advanced medical training
- ✔ Modular construction
